**+Subjects considered to be essential at this level.** Other subjects should be included if at all possible to give a broad Charlotte Mason style education.  
**(N) intended for narration**

**Lessons at this level should last around 20 - 25 minutes.** Some may take slightly less time and some slightly more, but do aim for that range. Short lessons and a wide variety of subjects are an integral part of the highly efficient and effective CM method. You will achieve the best results if you can follow the short lessons guideline.
